

May 14, 2020

Dear Cedar Community Residents, Team Members, and Family Members,

With the Wisconsin Supreme Court ruling of May 13, 2020, striking down the state's "Safer at Home" order, many businesses are quickly opening to the public. This leaves many residents, team members, and families asking what does this mean for Cedar Community right now?

Under the guidance of the Centers for Disease Control (CDC), the Centers for Medicare and Medicaid (CMS), as well as state and local health department officials, Cedar Community will keep all of our current precautions and visitor restrictions in place at this time. There are many considerations for how we will adapt to the reopening of our state, and we are working on developing strategies for a thoughtful, phased plan that will begin to allow for more social opportunities, activities, and eventual visitors to our campuses.

Please remember that the precautions under which Cedar Community has been operating to date, have kept our residents in a safe environment. While the "Safer at Home" order is no longer in effect, it is critical to remember that the COVID-19 virus is still a serious and potentially deadly threat, especially to the residents who depend upon us to keep them healthy and safe. These next few weeks will be crucial, and we all anxiously await the opportunity to get out, get back to "normal," and see our loved ones. However, we must also continue to be diligent in our personal precautions, and mindful of our responsibilities to our residents and team members, especially those who have underlying health conditions.

We will communicate plans as they are developed. We will also continue to find meaningful ways to keep our residents engaged and virtually connected with their loved ones, as we work to find smart, safe, and practical solutions for more social opportunities and possible visits, based on science and healthcare guidance.

Thank you for your continued patience, support, and understanding that our first priority is the health and safety of all of our Cedar Community residents and team members. We also thank our team members for the tremendous work they continue to perform each day through adversity. Together we remain Cedar Community Strong!

Sincerely,
