Cedar Lake Healthcare Center Update - December 30, 2020

Thank you for your continued hard work and dedication as we remain Cedar Community Strong!

COVID-19 Vaccine - What We Know So Far:

- The Cedar Lake Health and Rehabilitation Center is first in line to receive the COVID-19 vaccine because of our essential role in fighting this deadly pandemic, and our increased risk of getting COVID-19 and spreading it to our residents. Your decision to get vaccinated can protect more than just your health.
- Moderna is the COVID-19 vaccine Cedar Community will be receiving. It is two doses, and your second dose needs to be the Moderna vaccine as well.
- Walgreens will be administering the COVID-19 vaccine to the residents and staff that wish to receive it.
- The vaccination clinic will be held in the Celebration Room, and registration is planned for the multi-purpose area on the Lakeside household. We will let you know of any location changes in advance.
- You must remain in the waiting area for at least 15 minutes after you receive the vaccine.
- If you want to receive the COVID-19 vaccine you must get your first dose on either 1/7/2021 or 2/4/2021.
- Please bring your insurance card for registration on the day of the vaccine clinic - there is no charge to receive the vaccine but the information is needed by Walgreens.
- The third clinic on 3/4/2021 is *only* for the second dose for anyone who received their first vaccine dose on 2/4/2021.
- You must be signed up in advance to receive the COVID-19 vaccination when Walgreens is here to administer. They will only bring along enough doses for those who are signed up for that date.
- If you did not sign up today, a vaccine sign-up sheet will be available at COVID-19 testing again on Monday 1/4/202, for the first clinic on 1/7/2021.
- If you have been diagnosed with COVID-19, you may receive the vaccine on day 14 after being diagnosed as long as you are fever free, and not having any respiratory symptoms.
- If you are feeling ill or have a fever or any respiratory symptoms you should not receive the COVID-19 vaccine on that day; if possible we will add you to the next clinic date.
- Cedar Community logo apparel coupon: As a thank you to those team members who do choose to receive a vaccination, you will be provided with a \$35 coupon that can be used to purchase Cedar Community logo apparel, including scrubs, on our apparel website. Once you have received your second dose of the vaccine, you will receive the coupon code, and instructions on how to place an order.
