## for a special presentation and open house!

*Meet former Wisconsin Governor Marty Schreiber and learn about his personal and award-winning crusade for Alzheimer's. With humor and empathy, Marty shares life lessons from his decade-long journey as a caregiver of a spouse with Alzheimer's.*

Everyone can relate to being a caregiver at some point in their life—whether it be for a child, spouse, parent, relative, or friend. This free event is open to the public. Refreshments will be served. A book sale and signing will take place following the presentation.

In addition, if you have been thinking about making a move and considering senior living, enjoy tours of our independent living apartments, as well as our new independent living plus lifestyle—offering benefits of living in an active and engaged community, with a little extra help and support when you need it.
